Other Projects

- **Blogging website:** Jun 2025
Built a responsive blogging website using HTML, CSS, and JavaScript to strengthen web development fundamentals. Implemented features like post creation, dynamic content display, and interactive UI elements, focusing on DOM manipulation and responsive design.
- **Minesweeper Game:** May 2025
This project is a real-time multiplayer version of the classic Minesweeper game. Players can join a shared grid via a generated link and collaboratively play Minesweeper, uncovering tiles and avoiding hidden mines. The game ends when a mine is clicked, and the result is broadcast to all connected players. It is designed to be fast, interactive, and enjoyable with friends or other players on the same network.
